

PLAN OF ACTION: GLOBALIZATION

GLOBALIZATION

Mission: Advance global equity in economics, communication, resources and human security.

Strategic Actions:

- Support global organizations that uphold fairness, accountability, and respect for cultural, social, economic, and environmental concerns.
 - Analyze and publicize the costs and benefits of peaceful actions
 - Purchase products that support and promote human rights and the environment
 - Promote microfinancing projects to help women help themselves.
 - Promote cooperation with the United Nations with time and money.
 - Contact elected leaders to encourage the signing of UN treaties and the establishment of a global justice system that promotes accountability for corporations and governments
 - Promote the United Nations Millennium Development Goals
 - Research and compare living wage and work hours in all countries
 - Interview peace studies experts to determine what must be done to persuade countries to emphasize peace in lieu of war
 - Encourage leaders to pass laws to economically reward care-taking and teaching roles
 - Purchase local farm products
 - Encourage local civic and faith groups to organize cross-cultural training to build tolerance and understanding
 - Support removal of economic tax incentives for corporations producing arms
-
